

CIS 260 - INTRODUCTION TO XML
Week 1- Monday: What Is XML?
2017-Fall, 9/18/2017, Monday, 6pm - 8:40pm

Lesson Plan

Welcome to CIS 260 - INTRODUCTION TO XML! This is an on-ground class. The class will use Canvas for home assignments. Follow the steps to finish the assignments of this week.

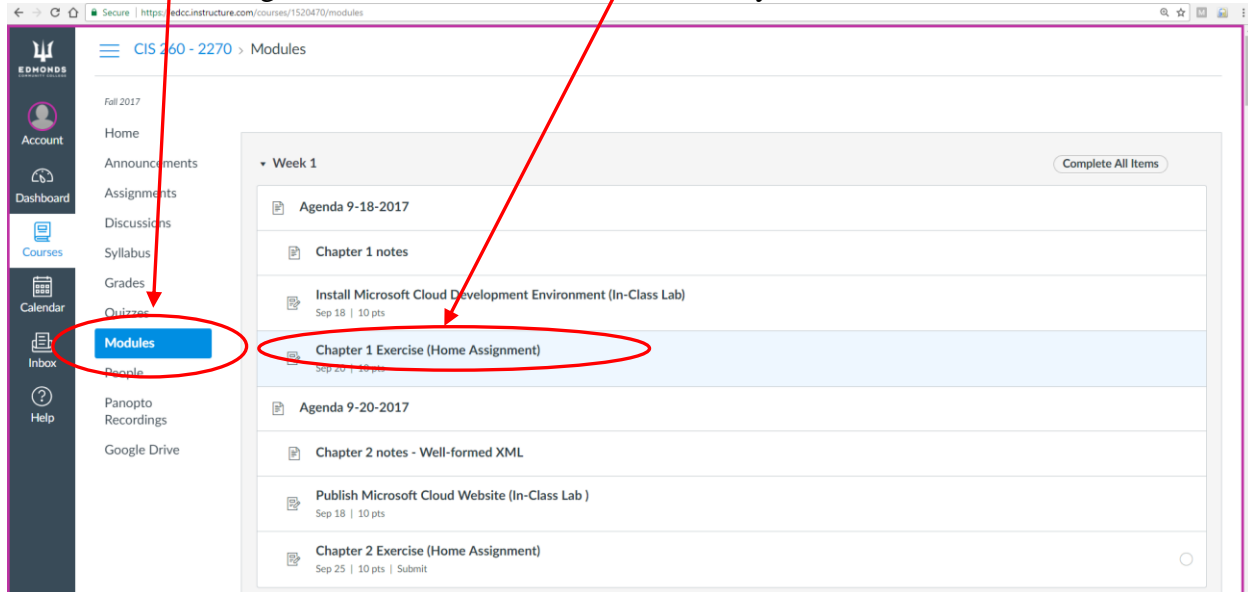

Student Assignments for this Week	
Step 1. Agenda 9-18-2017.....	10
Chapter 1 Exercise (Home Assignment).....	10

My name is Louis HO, the instructor for this class. Email is the best way to communicate with me. I am a full time instructor so I will be available on campus if you need help. Below is my contact information.

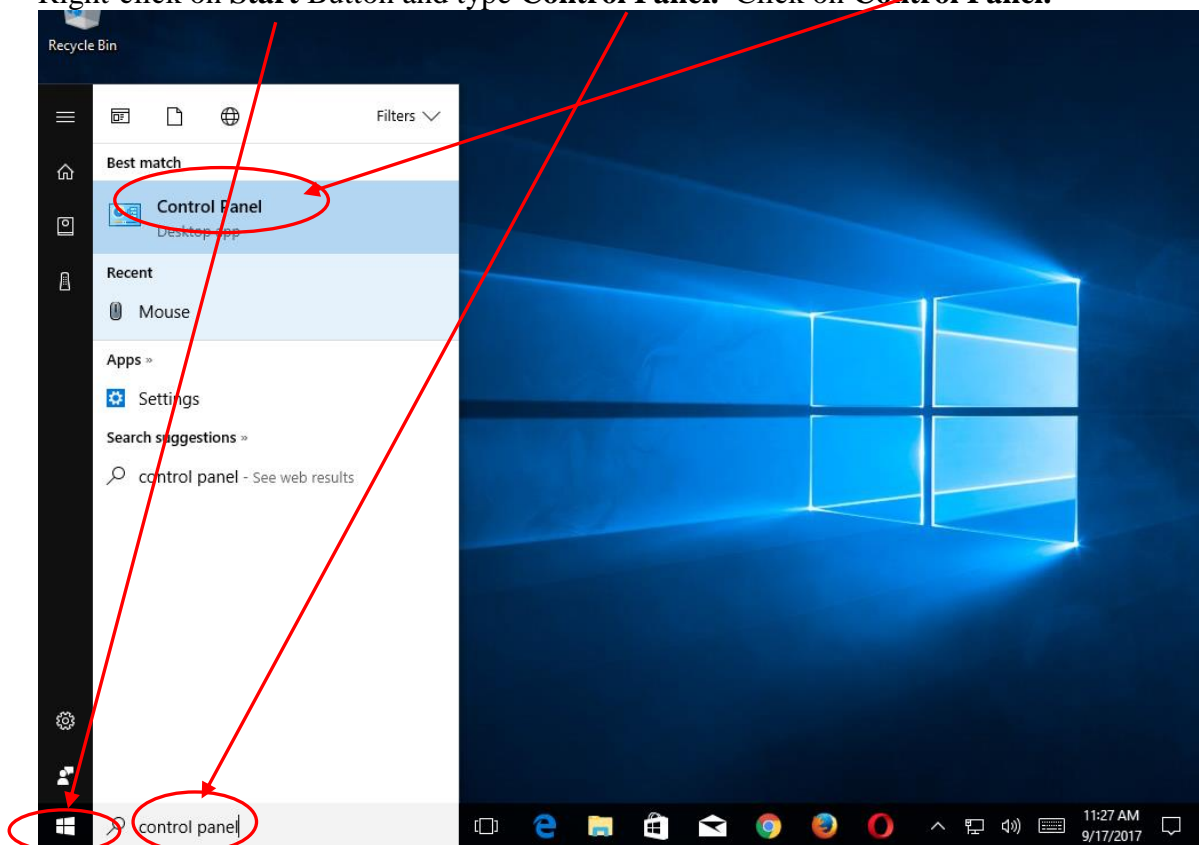

Louis HO
Instructor/Advisor
Computer Information Systems
Office: Alderwood Hall 235A
Tel: 425 640 1308
Email: louis.ho@email.edcc.edu

Step 3. Agenda 9-18-2017 Chapter 1 Exercise (Home Assignment)

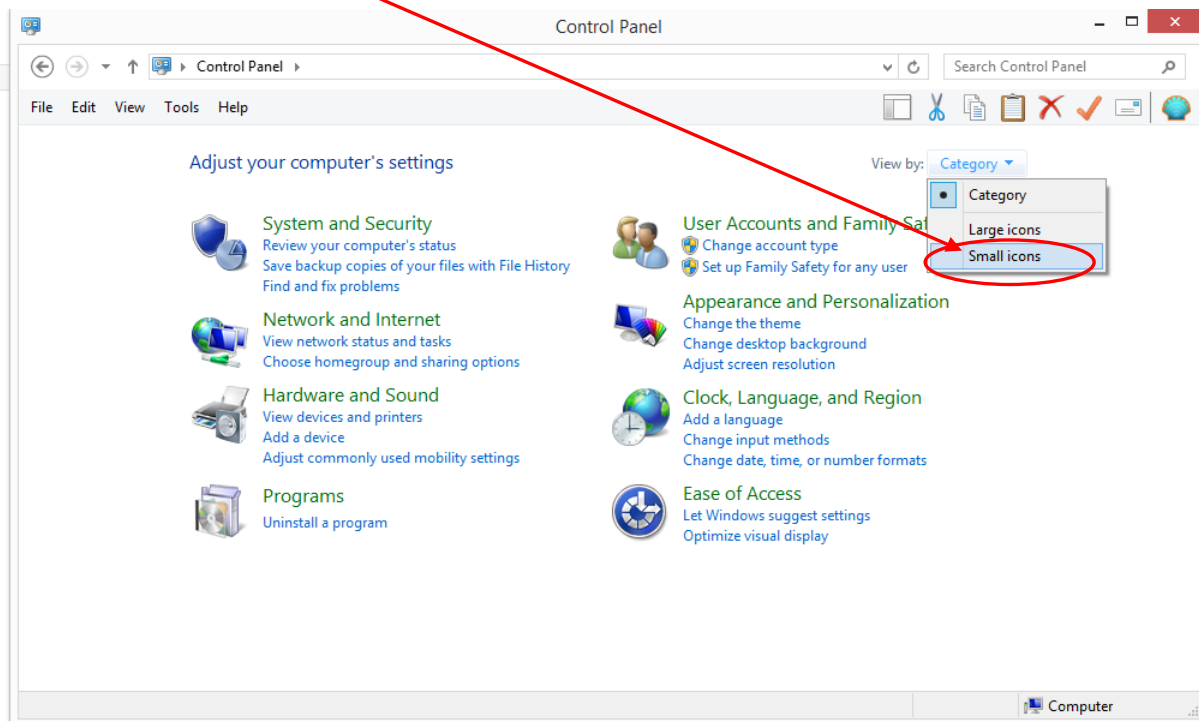

In the Canvas **Modules** page. Double-click on **Chapter 1 Exercise** link to submit the Word document containing the screenshots of this exercise after you finish the exercise at home.

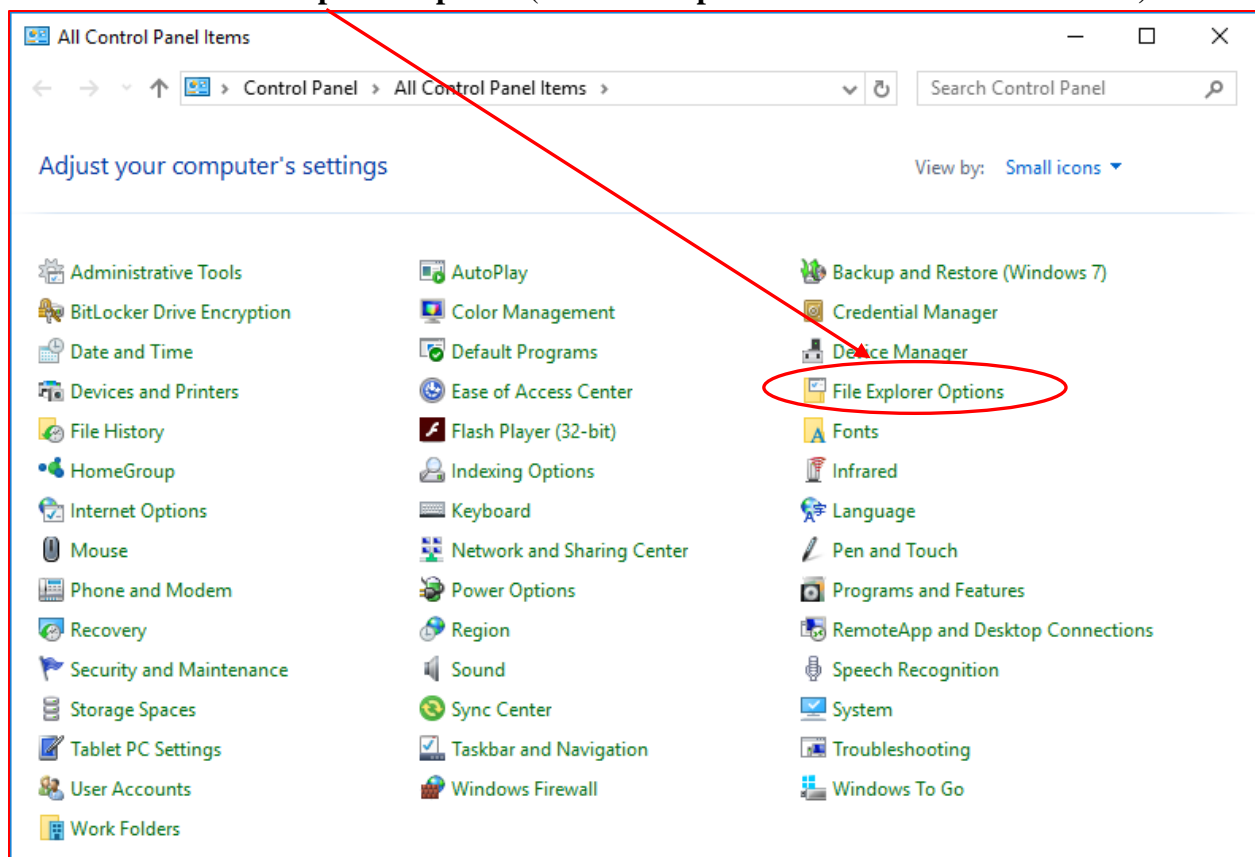

In your computer, you need to modify the configuration so it will show the files extensions: Right-click on **Start Button** and type **Control Panel**. Click on **Control Panel**.

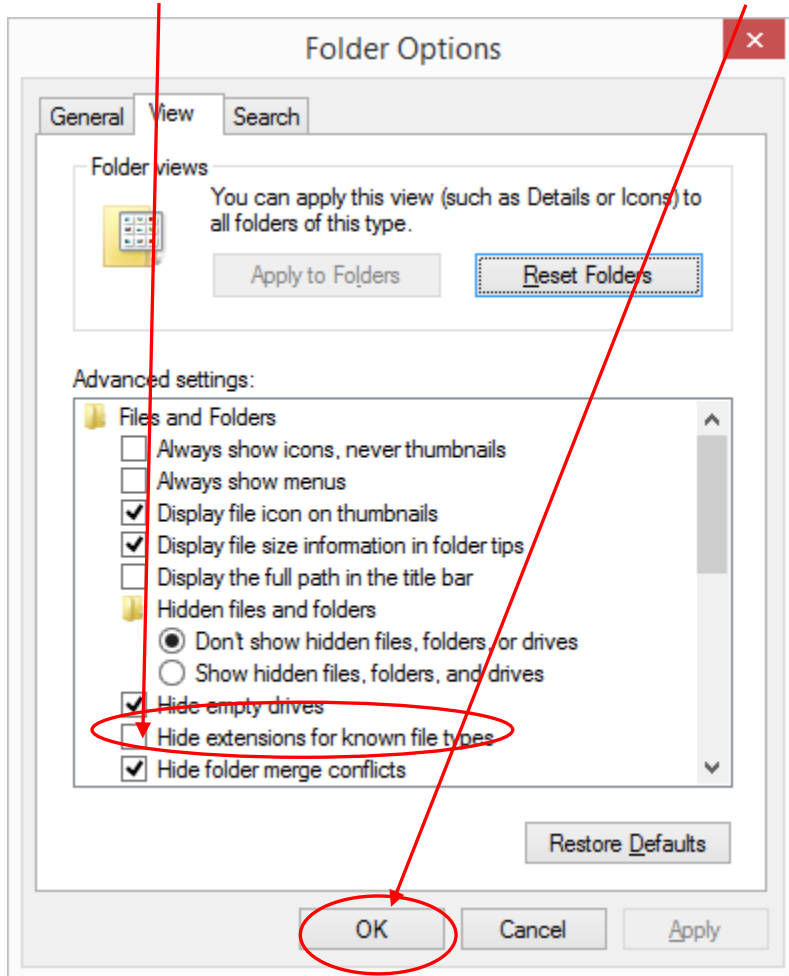

Click on **Category** > **Small icons**.

Double-click on **File Explorer Options** (or **Folder Options** in older Windows versions).

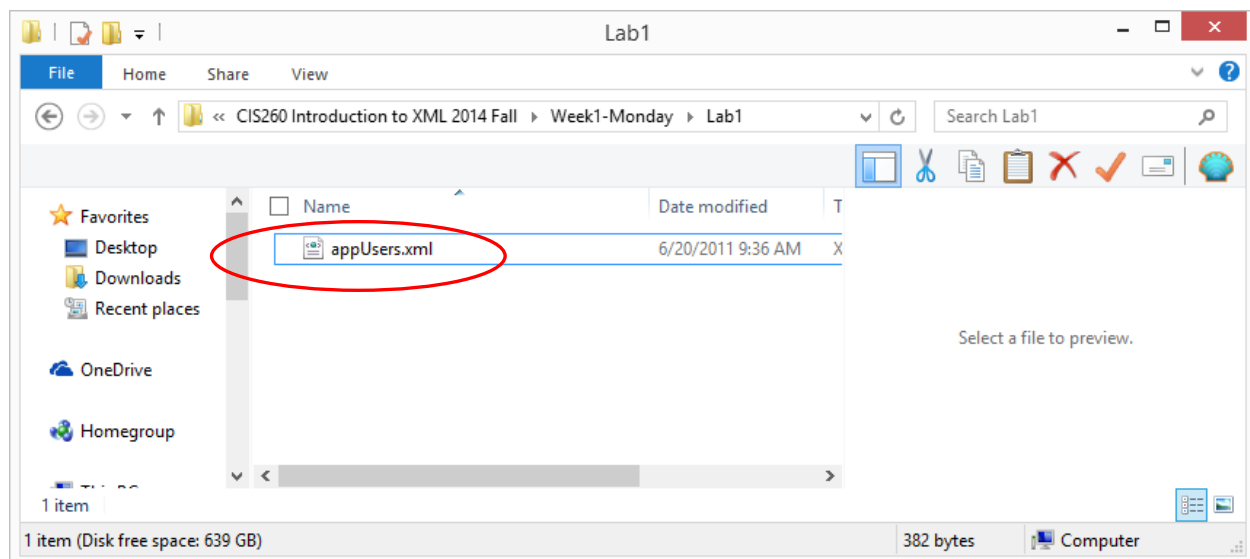

Uncheck **Hide extensions for known file types**. Click **OK**.

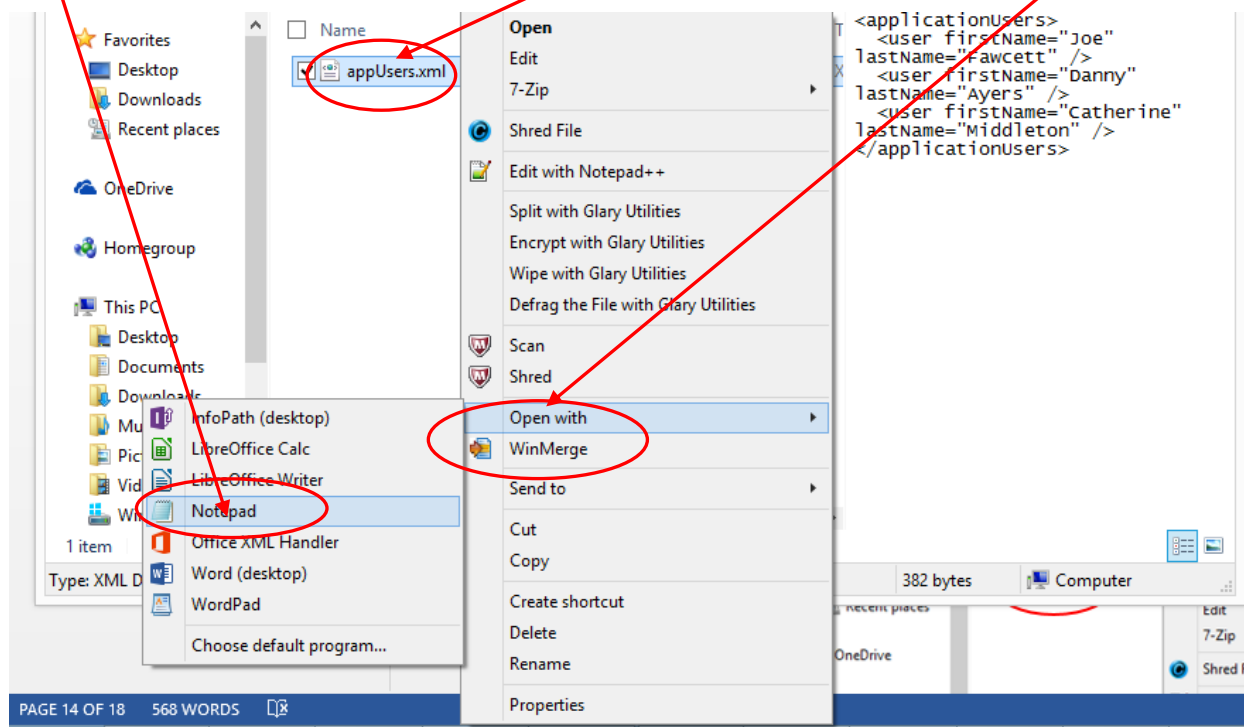

In your computer, create a new text document in your work folder (Right-click on an empty space of the folder window and click **New > Text Document**.)

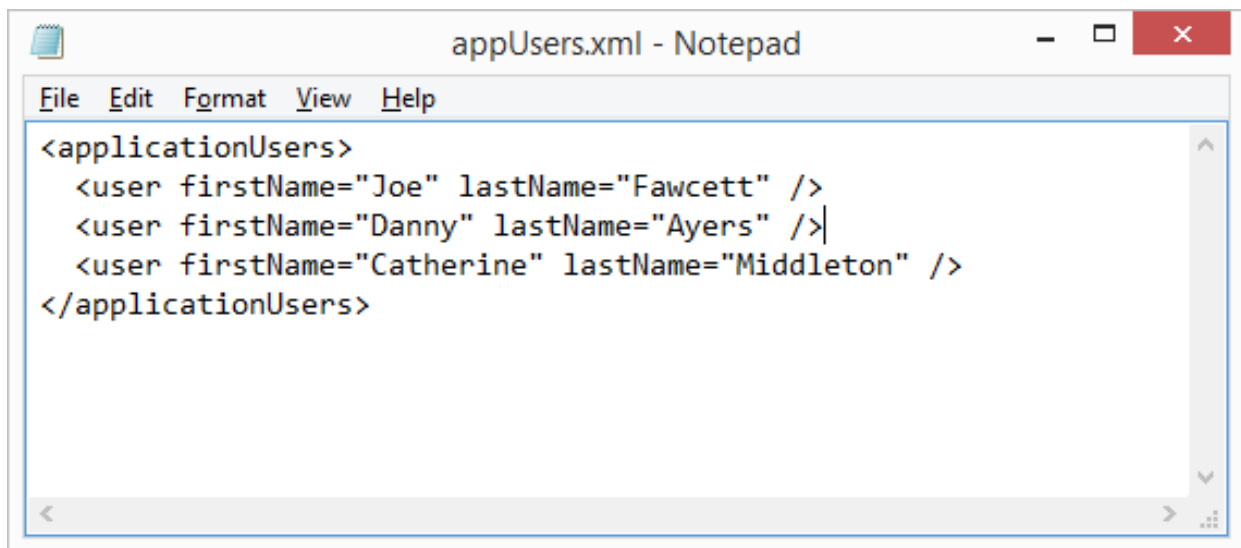

Name the document **appUsers.xml**.

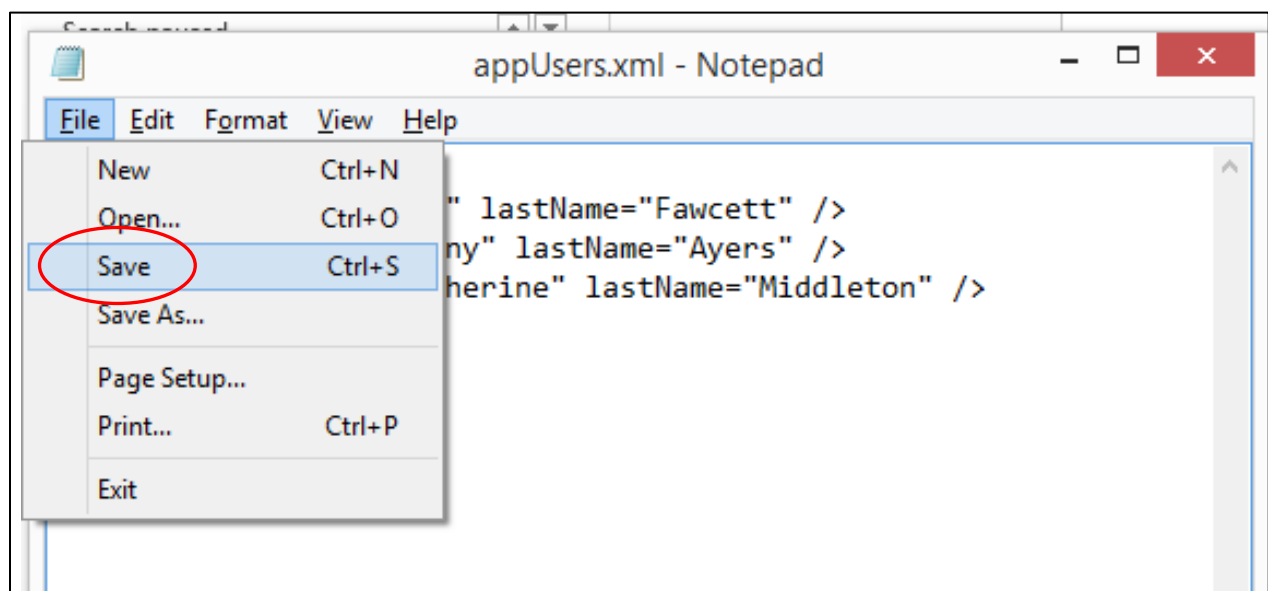

Open **appUsers.xml** with **Notepad**. (Right-click on **appUsers.xml** and click **Open with > Notepad**.)

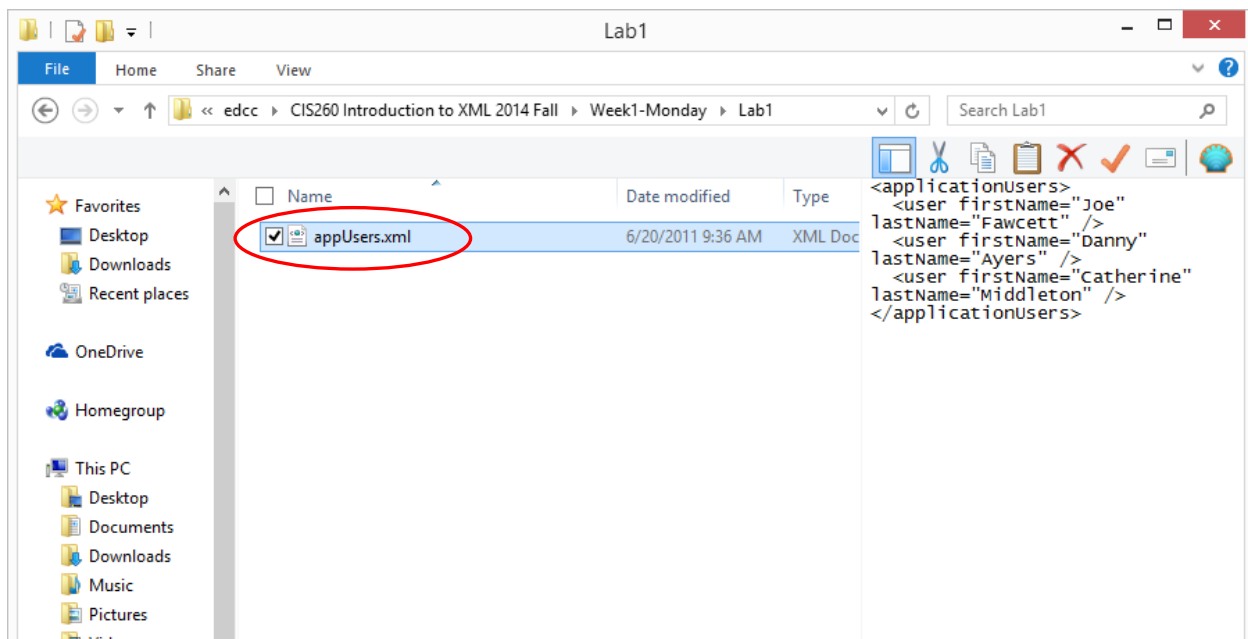

Enter the content of the **appUsers.xml** file.

Click **File > Save** to save the new content.

In the file folder, double-click on **appUsers.xml**.

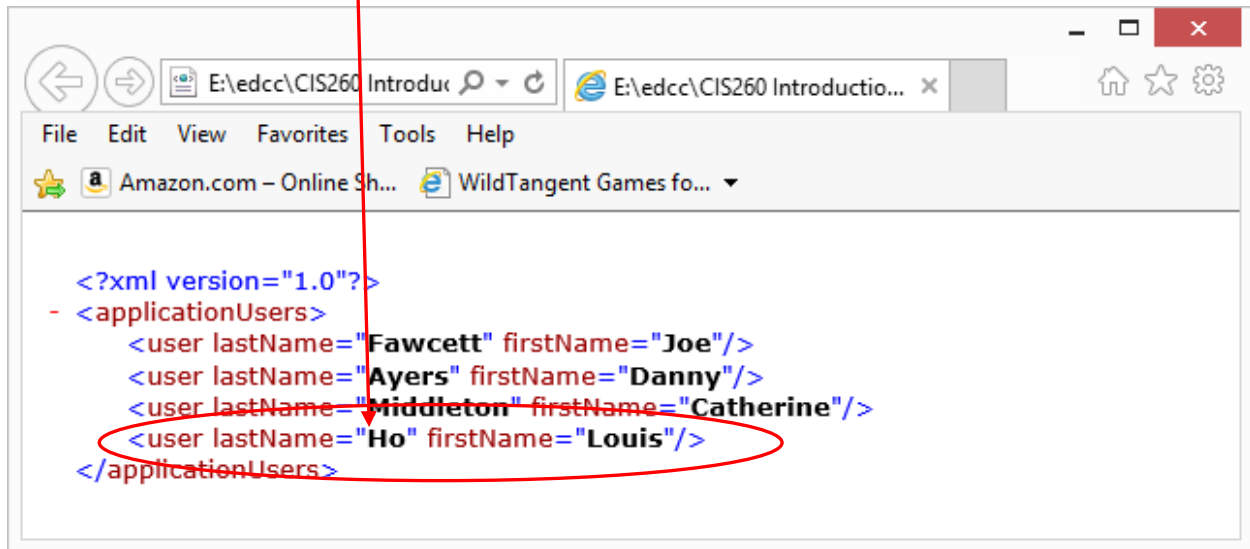

It will show the data in the **XML** format.

Screenshot 1: Press **PrtScreen** to take screenshot of the result and paste it in a **Microsoft Word** document. Submit the **Microsoft Word** document at the end of the lab through **Canvas** together with the other screenshots of this lab.

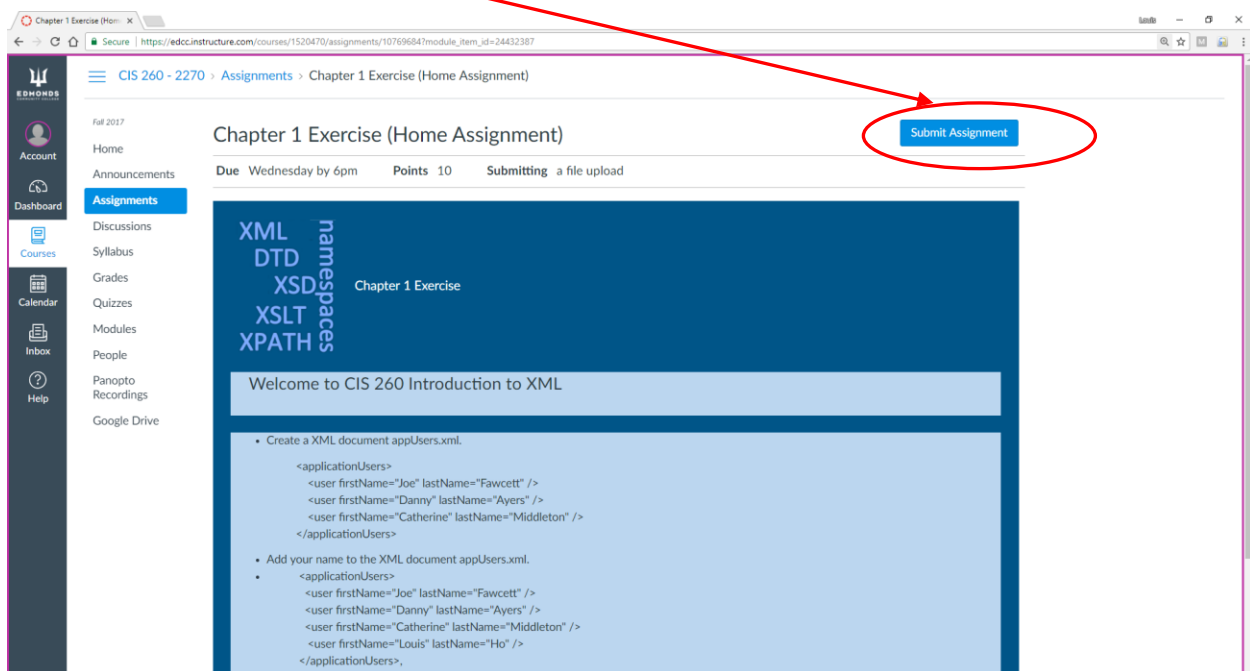

Challenge:

Add your name to the XML file. Take screen shot of the output and store it in a **Microsoft Word** file (press **prt sc** key on the top right of the keyboard).

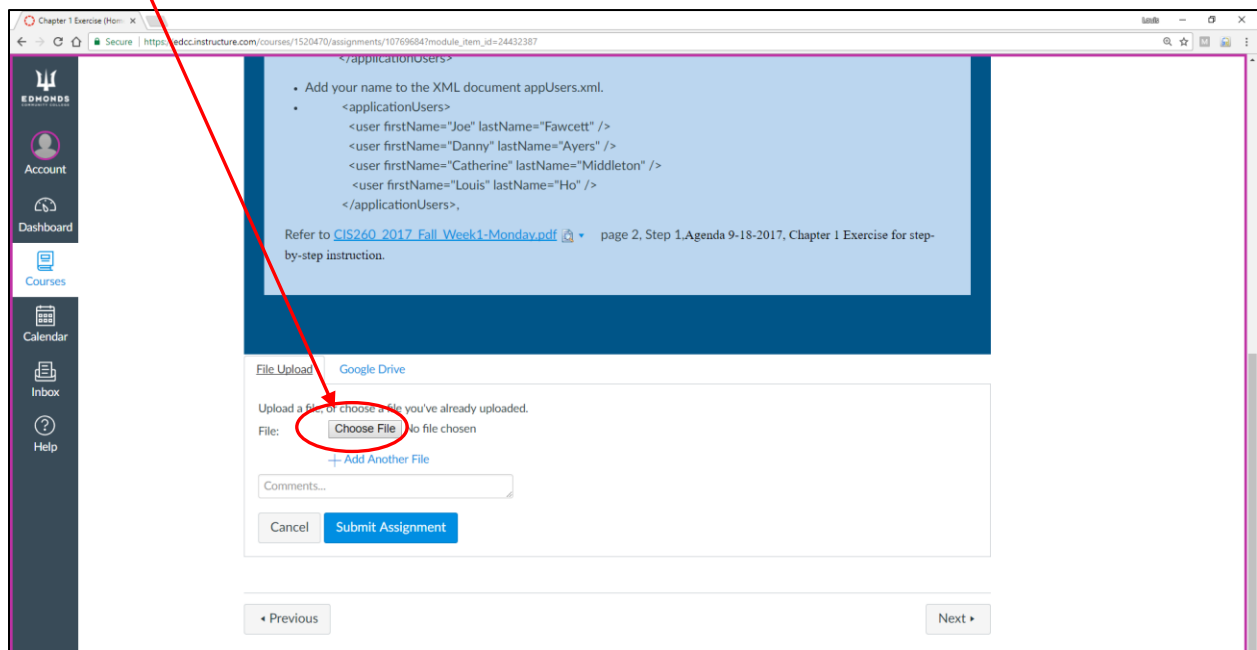

Screenshot 2: Press **PrtScreen** to take screenshot of the result and paste it in a **Microsoft Word** document. Submit the **Microsoft Word** document at the end of the lab through **Canvas** together with the other screenshots of this lab.

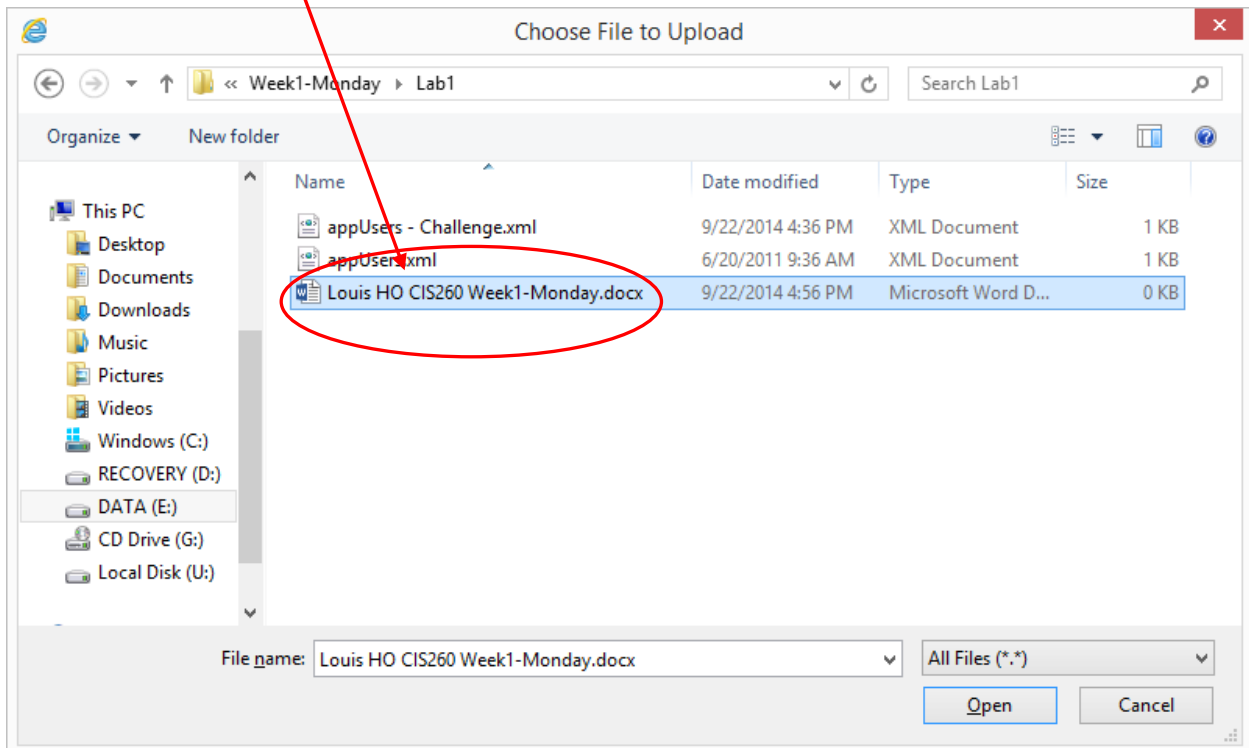

In **Canvas**, click **Submit Assignment** to submit the **Microsoft Word** document.

Click **Choose File** to select the **Microsoft Word** document.

Select the Word document which contain your screen shots.

Click **Submit Assignment** to submit the assignment.
